The Reading Club Narrowly Escaped a Shut Out, Allentown Wins an Exciting Uphill Game from Lancaster, Pottsville Defeated by Hazleton Without a Run or a Hit-The Phillies Lose to Harrisburg-Standing of the Clubs -- Interesting Base Ball Gossip.

OTH Scranton and Allentown were Allentown were winners in yesterday's State League base ball contests, the tie between the

two clubs for first position remains unbroken. Scrapton won with hands down from Reading, while Kelly's Allentown aggregation had a very rough time in pulling their game out of the fire in the game with Lancaster, Hazleton lowered Pottsville's average in a well-played game, Pitcher Jack Fee being credited with the honor of shutting out the strong Pottsville team without a run or a hit. The relative positions of the clubs have not been changed as a result of yesterday's game. The following table gives the percentages of the clubs, the number of games won and lost by each, and their standing in the championship race:

YERKES PITCHED GREAT BALL.

He Had No Trouble in Defeating Reading.

Mr. Yerkes will do. If there was any doubt about it that doubt was dispelled yesterday. His pitching was of the phenomenal order. Reading could not do anything with his delivery, and it was by the merest chance, in fact by a doubtful decision, that they escaped being shut out. Up to the eighth inning they got but one hit from the lanky youngster, and in the whole game they succeeded in securing but six. It was in the eighth inning, after he had struck out two men, that he let up on the boys in blue. They touched him up pretty lively for a while, but when he thought they had enough he shut down on his liberality and retired the

The fielding of the Scrantons was also of the star variety. Every man of the infield, including the battery, covered himself with giory. Patchen made wonderful stops of wide twisters from the Yorkes catapult; Massey made a one-handed stop of a hot liner that evoked ringing applanse. Yerkes, Pnelan and Wetzel each made a wonderful Westlake bad five assists and figured in one of the two double plays. In the outfield Hogan got in his usual running catch, this time going from left center to deep right for a long drive. Not an error was made.

Reading played a good game, but it would take the superlative of good to beat or even equal the kind of ball put up by Scranton yesterday. Our own Leidy made his first appearance with Reading in this city and was given an ovation. It evidently rattled him for after he was given his base on balls he got caught napping at first. Goodhart, who formerly caught for Scranton, made two of the six hits off Yerkes.

In the batting all the Scrautonians showed up well with the exception of Staltz and Yerkes, although the latter made one lucky drive which brought in a run. No runs were secured until the fourth inning. Massey made a single, atole second and came home on Torrevson's failure to field Westlake's hard bit. Wetzel opened up the fifth with a beautiful three bagger and came in on Patchen's double. Wetzel also started the run-getting in the seventh. He drove a slow one to third and Henry threw it in among the carriages back of first base, allowing Mr. Wetzel to score an un-earned run. Patchen knocked one to Torreyson which the old flood sufferer was too slow in getting to first. Massey sent a sharp one to center field and as Leidy misjudged it, Massey was on third before it could be fielded into the diamond. Patchen scored on it and Massey soon after tallied one on Phelan's hit. A hit by Westlake, an error on Hogan's straight up fly, a hit by Patchen, a three bagger by Massey and a pretty single by Phelan, netted four runs. We also got one in the ninth by hits by Rogers and Yerkes. Reading's only run was made in the

eighth inning by Goodhart.
The appended score tells the whole story to the initiated:

President Young has written to Mc-Graw, of Baltimore, warning him that he must stop his promiscuous abuse of umpires under penalty of being blacklisted. According to President Young, of the National league, about forty protests have been received from league chos this season, only two of which have been upheld. The racing men at the big meetings are again reserring to loading tactics, and as a result they spoil many races. Race meet officials have acted very generously with riders who have failed to get inside the time limits placed upon their races and have granted second trials. Invariably when a referee allows a race that has been when a referee allows a race that has been declared off by reason of the men not flaishing inside the limit to be run over, the time is always fiside the limit. Three cases serve to show that time limits, as placed, are ineffective in producing good racing. The racing board, it is said, is seriously considering the matter of establishing a rule making it recessary that tablishing a rule making it necessary that the men shall fluish inside the set limit on the first trial or the race shall be declared
